Florentine Culture

Prof. Giovanni Cipriani

Course Description

Topic of the course will be Florentine Renaissance and, in particular, the figure of Lorenzo de' Medici.

Many lessons will be dedicated to the way of thinking of that ancient age, according to neoplatonic philosophy and to the research of the links between paganism and christianism.

The Pazzi conspiracy will be well discussed from different points of view, as the flowering of arts and crafts.

Texts

J. Burckhardt , *The Civilization of the Renaissance in Italy*.

L.Martines , *April blood. Florence and the plot against the Medici*.
